

Woodham Walter has a reputation for being a friendly, open and caring school. It is a small rural set in the heart of the village of Woodham Walter. Mrs Edlin and Mr Brown are proud to be able to lead the school. As a church school it has a distinctly Christian ethos, and retains close links with the Church of St Michaels.

We are committed to giving the children the very best education through vibrant and engaging teaching. We believe in enabling the children to become enthusiastic, independent learners as part of an exciting, broad, balanced and engaging curriculum that uses its rural setting to 'value and nurture God's world and one another'

Our Welcoming Christian community nurtures lifelong learners by: knowing one another and being known; valuing those around us and being valued: providing aspiration, inspiration and celebrating achievement. Through memorable learning opportunities and experiences, it enables a positive, sustainable and inclusive future for all.

We are proud to be able to offer regular Forest school sessions to all our children. "Forest School offers a unique opportunity for children to experience the outdoors in a way that facilitates their holistic development and fosters their growth as confident and competent learners. It also encourages healthy habits and lifestyles." (Knight 2009) The children also develop a love and respect for the natural environment, where they get to know, value and nurture God's World and one another. All the activities are child-centered and then child-led. The children have the time and space to engage with the environment, make their own choices and they are encouraged to take small, safe risks.
